Randolph eye group expands office

RANDOLPH – Randolph Eye Associates expanded its office at 27 Memorial Parkway in Randolph from 1,600 square feet to 4,000 square feet. The firm added two exam rooms, including one that is handicapped accessible, as well as a contact lens room and a file room. The cost of the expansion exceeded \$250,000, according to a spokesman for the firm. The firm, which includes four eye doctors, has hired five new employees since the expansion was completed in October.
